| Phone - Authorizer (*):         | (886) 2 2984 5228 (ext: 611)                                                                             |
| Effective Date (*):             | 8-Jan-2018                                                                                               |

Answer the following questions 1 - 7 based on the declaration scope indicated above

| 1) Is any 3TG intentionally added or used in the product(s) or in the production process? (*) | Answer | Comments |
|-----------------------------------------------------------------------------------------------|--------|----------|
| Tantalum                                                                                      | No     |          |
| Tin (*)                                                                                       | Yes    |          |
| Gold (*)                                                                                      | Yes    |          |
| Tungsten                                                                                      | No     |          |

| 2) Does any 3TG remain in the product(s)? | Answer | Comments |
|-------------------------------------------|--------|----------|
| Tantalum                                  | No     |          |
| Tin (*)                                   | Yes    |          |
| Gold (*)                                  | Yes    |          |
| Tungsten                                  | No     |          |

| 3) Do any of the smelters in your supply chain source the 3TG from the covered countries? (SEC term, see definitions tab) | Answer  | Comments |
|---------------------------------------------------------------------------------------------------------------------------|---------|----------|
| Tantalum                                                                                                                  | Unknown |          |
| Tin (*)                                                                                                                   | No      |          |
| Gold (*)                                                                                                                  | No      |          |
| Tungsten                                                                                                                  | Unknown |          |

| 4) Does 100 percent of the 3TG (necessary to the functionality or production of your products) originate from recycled or scrap sources? | Answer  | Comments |
|------------------------------------------------------------------------------------------------------------------------------------------|---------|----------|
| Tantalum                                                                                                                                 | Unknown |          |
| Tin (*)                                                                                                                                  | Unknown |          |
| Gold (*)                                                                                                                                 | Unknown |          |
| Tungsten                                                                                                                                 | Unknown |          |

| 5) What percentage of relevant suppliers have provided a response to your supply chain survey? | Answer | Comments |
|------------------------------------------------------------------------------------------------|--------|----------|
| Tantalum                                                                                       | None   |          |
| Tin (*)                                                                                        | 100%   |          |
| Gold (*)                                                                                       | 100%   |          |
| Tungsten                                                                                       | None   |          |

| 6) Have you identified all of the smelters supplying the 3TG to your supply chain? | Answer | Comments |
|------------------------------------------------------------------------------------|--------|----------|
| Tantalum                                                                           | No     |          |
| Tin (*)                                                                            | Yes    |          |
| Gold (*)                                                                           | Yes    |          |
| Tungsten                                                                           | No     |          |

[Link to Terms & Conditions](#)

Mandatory fields are noted with an asterisk (\*). Consult the instructions tab for guidance on how to answer each question.

7) Has all applicable smelter information received by your company been reported in this declaration?

|          | Answer | Comments |
|----------|--------|----------|
| Tantalum | Yes    |          |
| Tin (*)  | Yes    |          |
| Gold (*) | Yes    |          |
| Tungsten | Yes    |          |

### Answer the Following Questions at a Company Level

| Question                                                                                                                                                               | Answer                                        | Comments |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------|----------|
| A. Have you established a conflict minerals sourcing policy?                                                                                                           | Yes                                           |          |
| B. Is your conflict minerals sourcing policy publicly available on your website? (Note – If yes, the user shall specify the URL in the comment field.)                 | No                                            |          |
| C. Do you require your direct suppliers to be DRC conflict-free?                                                                                                       | Yes                                           |          |
| D. Do you require your direct suppliers to source the 3TG from smelters whose due diligence practices have been validated by an independent third party audit program? | Yes                                           |          |
| E. Have you implemented due diligence measures for conflict-free sourcing?                                                                                             | Yes                                           |          |
| F. Does your company conduct Conflict Minerals survey(s) of your relevant supplier(s)?                                                                                 | Yes, in conformance with IPC1755 (e.g., CMRT) |          |
| G. Do you review due diligence information received from your suppliers against your company's expectations?                                                           | Yes                                           |          |
| H. Does your review process include corrective action management?                                                                                                      | No                                            |          |
| I. Is your company required to file an annual conflict minerals disclosure with the SEC?                                                                               | No                                            |          |
